EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with William Haulbrook on August 11, 2005.

In the claims:

Please cancel claims 49 and 50.

2. The following is an examiner's statement of reasons for allowance: Examiner could find no prior art that fairly teaches or suggests, alone or in combination, calculating an identifier based in part on a user geometry file of an injected molded component, and keying the operating of a software application to exactly one specific user geometry file of an injected molded component.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
